Subject: Red and Bonita

Steve,

I apologize for the barrage of emails that I sent you yesterday, I am out of town the end of this week and all next week, so I'm trying to get everything situated for Red and Bonita.

I will need someone to work the water pump during the packer test, is there anything else we would need a third person for? Someone will need to stay at the pump at all times in case something goes wrong and we need it shut off.

Are we starting Monday (9/8) morning or should we use Monday as a mobilization day?

Per our contract with US EPA, I need to have you and Kristen approve the purchase of the Baski packer. It is going to cost 2867 plus tax. I can pick it up as soon as I pay for it or have it shipped.

I believe that is all except the equipment order that I will put together this evening or tomorrow.

Eric Sandusky
